

ISOTOP Café Table Guide

Below are a few hints and tips on the best way to maintain your ISOTOP Table Top to ensure your product lasts:

- 1.** Use warm water and add a few drops of mild dishwashing detergent.
- 2.** Apply the cleaning fluid with a soft sponge, cotton fabric cloth or microfiber cloth.
- 3.** Wash and wipe the surface to remove dirt, dust, particles, debris, etc.
- 4.** Clean the tabletop for a second time with fresh cleaning fluid and water, to ensure a sleek and hygienic surface.
- 5.** If there are any remaining dirt spots on the surface, spray water onto the surface and use a cleaning cream or fluid such as “CIF cream”.
- 6.** Apply the cleaning cream or fluid, then wipe with gentle pressure using a microfiber cloth until you achieve a clean surface.
- 7.** To remove the remaining cleaning cream or fluid, wipe and wash the surface thoroughly with a piece of cloth and fresh water.
- 8.** Wipe dry the tabletop surface with a dry piece of cloth.
- 9.** Please do not use cleaning items that can wear or scratch the tabletop surface, and/or cleaning fluids that contain acid or develop acid.
